*Plan Highlights, Effective January 1, 2010*

**Any election to defer into the Mirror Savings Plan for 2010 cannot be changed or cancelled after December 31, 2009 and will remain your election for the 2010 calendar year. New hires enrolling in 2010 also cannot change elections after the enrollment period, so make your election carefully.**

## **Company Contributions**

- **Company Match:** The fixed match is equal to 50% of your deferrals on up to 6% of your pay over \$245,000 and is credited to your account after each payroll period in which a deferral is taken.
- **Discretionary Match:** The Human Resources and Compensation Committee of the Board of Directors may, in its discretion, approve an additional discretionary matching contribution after the close of the Company's fiscal year. A discretionary matching contribution will be credited to your account the following plan year if you were employed on December 31.
- **Retirement Account:** If you were hired or rehired on or after January 1, 2007 and are eligible, you'll receive a retirement account contribution that is equal to 2% of your pay over \$245,000. This contribution is credited to your account the following plan year after it is earned if you were employed on December 31.
- If your employment ends before December 31 of a plan year due to a summary dismissal or resignation in lieu of a summary dismissal, you will not receive any Discretionary Match or Retirement Account contributions.
- If your employment ends before December 31 of a plan year, you'll only receive a partial Discretionary Match or Retirement Account contribution in the following year if you terminated employment due to:

  - Your death

*Plan Highlights, Effective January 1, 2010*

## **Vesting**

You are always 100% vested in all contributions you make into the Plan.

Your vesting in the Company contributions depends on when the contribution was made:

- **Company Match and Discretionary Match**
  - For contributions made for plan years prior to 2007, you vest at a rate of 20% per year, which means you need 5 years of vesting service to be 100% vested in those contributions.
  - For contributions made for plan years 2007 and after, you are 100% vested after 3 years of service. You are 0% vested before completing 3 years of service.
  - You'll also be 100% vested if your employment terminates due to:
    - Retirement at age 65 or later
    - Qualifying for Social Security disability benefits while working for a participating employer
    - Job Restructuring, Unit Closing or Permanent Reduction in Force
    - Your death
- **Retirement Account**
  - You are 100% vested in your Retirement Account contributions after 3 years of service. You are 0% vested before completing 3 years of service.
  - You'll also be 100% vested if your employment terminates due to:
    - Retirement at age 65 or later
    - Qualifying for Social Security disability benefits while working for a participating employer
    - Job Restructuring, Unit Closing or Permanent Reduction in Force
    - Your death

- If you have a separation from service and subsequently die before payment has begun under the Plan, your Beneficiary(ies) will receive a benefit in the form of five equal annual installments, starting on the date you would have started to receive payments.
- In the event of your death after benefit payments have begun and before all installments have been paid, the remaining unpaid installments shall be paid to your Beneficiary(ies) following your same payment schedule.

## **Distributions, continued**

- If your account balance is valued at \$16,500 or less (as indexed by the Internal Revenue Service) at the time of your separation from service, and you don't have a benefit payable to you from the Supplemental Retirement Program (SRP) or the Benefit Restoration Plan (BRP), your account will be distributed in the form of a single Lump Sum payment on the first day of the month following your separation from service, unless you are a Specified Employee<sup>1</sup>.
- If you die and have completed a Beneficiary designation election form with PowerLine, a distribution will be made to your designated Beneficiary. If no Beneficiary has been designated, the Beneficiary will be deemed to be the spouse for a married Participant and the estate for a single Participant. Distribution rules above apply to your estate or Beneficiary.
- In the event you request an Unforeseeable Emergency (as defined in Internal Revenue Code) distribution and your distribution request is approved, you'll receive a lump sum distribution from the Plan up to the amount necessary to meet your severe financial hardship.
